

ANNUAL REPORT

2020

GLENN BECK
FOUNDER

“It’s been nine years since we embarked on the journey that is Mercury One. Because of your faithful support, we have continued restoring the human spirit together throughout the nation and around the world.”

SUZANNE GRISHMAN
EXECUTIVE DIRECTOR

“2020 was an unprecedented year. The COVID crisis took the world by storm and the requests for Mercury One’s help rose exponentially. By God’s grace, we were able to respond because of your generosity. Thank you for trusting us to steward your resources to serve and help others. I pray you are encouraged by what you read. You have made a lasting impact in the lives of others.”

TOGETHER—OUR IMPACT

DISASTER RELIEF

Hurricane Laura **380,000+** meals served in Beaumont and Lake Charles

Hurricane Sally **64,115** meals served
Iowa Derecho aftermath

70,260 meals served in Cedar Rapids

Hurricane Delta **32,795** meals served

Central California Wildfires **21,000** meals served

Lebanon earthquake **74** homes repaired **4,214** hot meals and hygiene packages provided

COVID RELIEF

45,000 gloves

4.7 million meals

over **100,000** masks

10,000 PPE gowns

5,024 gallons of hand sanitizer

96,000 sanitizer wipes

HUMANITARIAN AND DISASTER RELIEF INITIATIVES

Throughout this unprecedented year, you have stepped up to help people impacted by COVID-19 all around the country. And you provided aid and hope to hundreds of thousands of Americans who were hit by devastating hurricanes and natural disasters.

HUMANITARIAN AID

Mercury One once again partnered with multiple humanitarian aid organizations in 2020 to bring services to veterans, and victims of human trafficking, family violence, and poverty. Because of your faithful support we were able to provide services to 570,000 families impacted by dramatic life-changing events. The aid you provided lifted people and gave them hope—you restored the human spirit.

DISASTER RELIEF

When disaster strikes, our teams of experts and partners are ready to respond at a moment's notice. In 2020, there were many people that we were able to assist. Mercury One worked with partners who were onsite to deliver much-needed food, water, and various other much needed supplies to those affected by storms and natural disasters.

Central California Wildfires
21,000 meals provided

Iowa Derecho aftermath Cedar Rapids
70,260 meals provided

Lebanon earthquake
repaired 74 homes, provided 4,214 hot meals, and hygiene packages

Hurricane Laura
380,000+ meals provided in Beaumont and Lake Charles

Hurricane Delta
32,795 meals provided

Hurricane Sally
64,115 meals provided

COVID RESPONSE

The COVID Crisis provided increased opportunities for us to serve and help others in need.

When Glenn Beck interviewed Democrat Michigan State Representative Karen Whitsett on his radio program and discovered that people in Michigan were under great distress, many of them without running water, heat, and proper medical equipment to address COVID, Mercury One supporters stepped up to address the need. Within hours of that radio call, the Mercury One Team and Partners were loading up trucks to go to Detroit, Michigan. 600,000 meals were delivered, in the city of Detroit, as well as over 10,000 PPE gowns for medical staff, and other critical aid.

“You have been such a blessing to us and I cannot thank you enough. It has truly taken a burden off of us. We would not have been able to see a way out without your help and your support.”

*- Karen Whitsett (D-MI)
Member of the Michigan House of Representatives*

Your generosity provided critical COVID relief across the country during this difficult and unprecedented time.

45,000 gloves

5,024 gallons of hand sanitizer

Over 100,000 masks

Over 4,000 gallons of cleaning disinfectant spray

96,000 sanitizer wipes

10,000 PPE gowns

4.7 million meals

THE NAZARENE FUND

The Nazarene Fund exists to ensure that persecuted religious minorities have some refuge and hope of deliverance.

The Nazarene Fund has been working to rescue persecuted religious minority groups and Christians from the Nineveh Plains in Northern Iraq that have been kidnapped by ISIS.

Despite a lack of media coverage of the crisis, there are almost a million displaced Christians right now who are running for their lives because of their belief in Jesus Christ. ISIS still exists and is steadily growing while harboring thousands of women and missing children that were kidnapped from Christian villages. Currently, we have lists of over 3,000 missing children who are still unaccounted for. Fortunately, with the help of your support, we are working daily to rescue and extract them from ISIS camps.

Most of our courageous operators of the Nazarene Fund—themselves persecuted Christians—are downrange doing the dangerous work. For these faithful people, this is more than a job; they believe it is their calling and mission. Please keep them in your prayers—they are liberating so many people.

Undaunted, the Nazarene Fund has delivered food and hygiene kits to over 12,000 suffering Christians in Iraq, Lebanon, and Jordan. We've provided cleaning products and assisted in sanitizing churches and homes to keep people safe from the virus. We continue to rescue Christian families all over the Middle East and despite the myriad of difficulties, are having much success.

THE STORY OF LYLA

Lyla was kidnapped along with her two children. Her husband was presumably killed. Her two children were brought into slavery with her. In fact, they were leveraged against her. When she was raped and would refuse to cooperate, they would literally beat her children in the next room so she could hear them.

We tell this story with her permission. She wants her story told. She wants the world to know what happened and what is happening to her people.

After Lyla was liberated she joined our team and has been running our aftercare program in northern Iraq. She is the first one to greet the newly liberated. She ascertains their needs and assists us to meet those needs. She has been a blessing from God to her people. She and her children are in the process of migrating to a safer country where she will continue to work with the Nazarene Fund.

With your continued support, we will continue to bless the lives of these Brothers and Sisters in Need.

EDUCATION

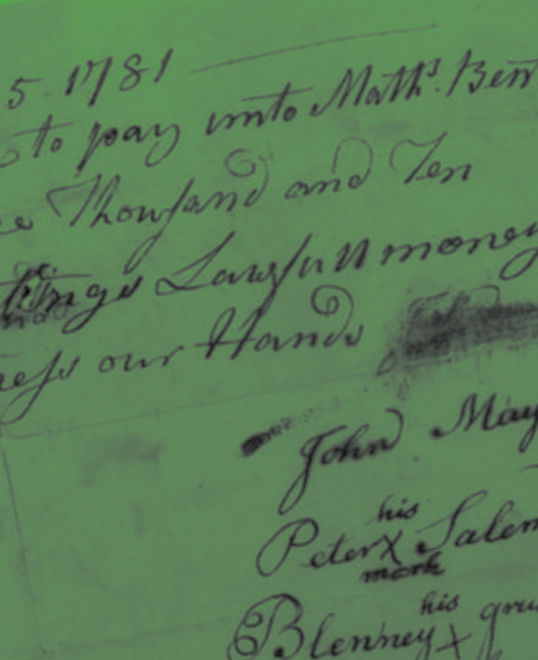

This year Mercury One was proud to open the American Journey Training Center. This is a place where people can come and relive our nation's history and gain a deeper understanding of America's complex and expansive story. A story that is both terrible and horrific, and majestic and beautiful. The Center features primary source documents and artifacts that help people experience history come to life. It is a place where we will host special tours, family seminars, and student and teacher trainings.

In 2020, we once again partnered with WallBuilders to host two Leadership Training Seminars for young adults and were thrilled to hold this special two-week learning-intensive at the American Journey Training Center for the very first time. The stories from students impacted by what they learned are remarkable. The investment you made to share honest history and a Biblical worldview with the next generation will not return void.

"I was writing tons of notes every day because all the things they were telling us were things I'd never heard before...you develop a thirst for knowledge after you are done with the program."

- Student who Attended the Leadership Training Seminar

We believe it is vital that we ensure the next generation and generations to come are taught the truth about our country and its founding principles. When they are equipped with this knowledge, they can learn from our past, and create an environment where they can address the complex problems that ultimately impact our freedoms.

Our work in 2020 was more critical than ever. Whether it has been intentional or not, our knowledge of U.S. history and the civics of our nation's Constitutional Republic have been forgotten. It's time to rebuild. It's time to get educated. It's time to take a stand. It is our responsibility, collectively, to make sure that we don't lose our freedoms and that we ensure their protection for generations to come. **Because of your support you've made it possible for us to create a place where history is preserved and shared with others.**

2020 BY THE NUMBERS

ANNUAL REVENUES in Millions

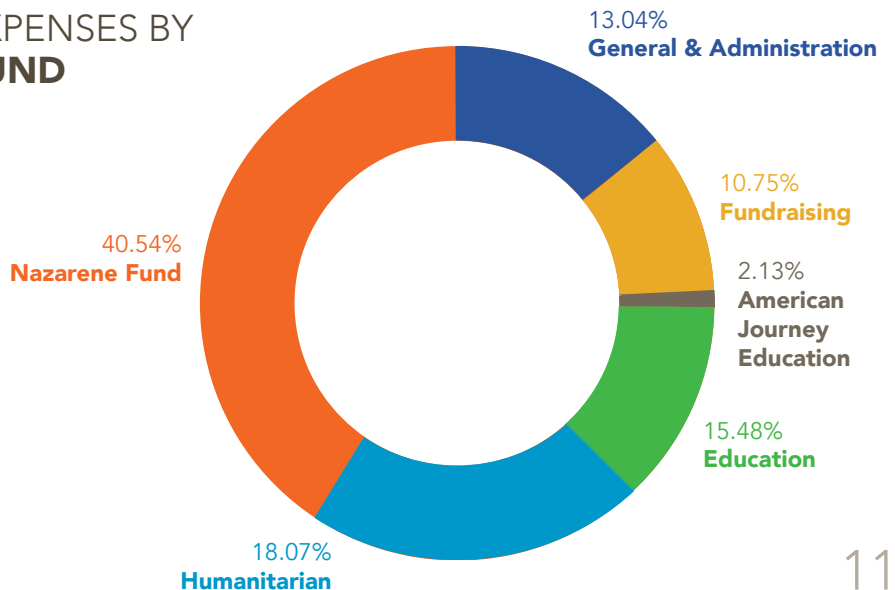

Mercury One stands behind our 100% commitment. If a donor designates to the Disaster Relief Fund, Nazarene Fund, Education Fund, or other Humanitarian Fund campaigns, their donation goes to that designated campaign, and is not used towards administrative or fundraising expenses. Only donations that are received without restriction or raised via our annual Mercury One General and Administrative fundraisers are used to cover these types of expenses. We have many review processes in place to ensure our 100% commitment to honor donors' intent, and our clean audits attest to that commitment. Our overall Program expense is almost 80%, far surpassing audit and accounting expense standards of 65% to 70% for non-profits. 990 tax filings are public documents published by [GuideStar](#) and [Charity Navigator](#). If you have any questions, please contact us at 972-499-4747 and ask for the Controller.

2021 Highlights

In 2021, we were profoundly humbled to celebrate our ten year anniversary. The blessing of your continued generosity and financial support enabled us to impact the world in ways that are hard to fathom.

We are excited to share with you the many incredible stories and accomplishments in our 2021 Annual Report, forthcoming this fall. Below, as a preview, are just a couple of examples of how your direct support has enabled our work.

Through the Nazarene Fund, we and our partners funded and facilitated the departure of 35 planes out of Afghanistan and flew over 12,500 at-risk individuals to safety, including at least 4,000 persecuted Christians and 1,000 U.S. citizens and green cardholders.

The American Journey Experience Museum in Dallas has begun to teach a whole new generation about the history and unfolding of this great nation through both in-person and virtual training.

Thank you for your commitment and willingness—together with us—to make the world a better place!
